1. Title: Medicinal Plant Garden.

Objective of the practices:

- To generate awareness of community responsibilities amongst students for medicinal plant.
- To instill value of Ayurveda in Life.

The context:

To bridge the gap between Educational Institution and Health & hygiene of students and community.

The Practice:

The College authority in association with social Forestry of Assam organized the plantation of medicinal plant within the college premises through which value of Medicinal plant helps to improve health and hygiene. More than 1000 plants of more than 400 varieties planted with identification marks in each plant through which it can be associated with students and community.

Evidence of success:

- Nursing of plant by the student's community for opportunity of self-employment.
- With the help of plant production, it can inculcate that the culture of plantation among the students and community.

Problems Encountered and resource required:

- Lack of Funds to take care the Medicinal Garden in every year.
- Lack of Sufficient man power for nursing the existing plants.
- It is very difficult to extend the area of plantation due to limited space of the campus.

2. Title: Community development:

Objective of the practice:

- To generate awareness of community responsibilities among students.
- To develop infrastructure of the adopting village.

The context:

Driven by the commitment for bridging social disparities, Nirmal Haloi College has adopted a nearby Village “Barshahan” for the development of communication as well as Educational and cultural development of the people of the village.

Practice:

- The institution constructs a road to public crematorium in the village Barsahan involving the students of the institution guided by the faculties under NSS in co-operation with villagers.
- Through the various social works such as National Service Scheme (NSS) promotes inclusivity at all levels.

Evidence of success:

- Various initiatives were executed by NSS such as construction of roads and crematorium through which the communication to the crematorium is favorable even in the rainy season for the villagers.
- The college has established drinking water facilities for the villagers in the crematorium and a construction of rest house is going on in that place.

Problems Encountered and resources required:

- Additional funds are required for organizing such activities and to developed infrastructure in the poor village.
- Due to lack of funds, it is very difficult to solves the problems of the village.
