Report on PPT Presentation

Organiser: Department of Economics
Theme: Different topics of Introductory Economics

Date: 25/9/2025
Participants: 1st Semester Students, Department of Economics

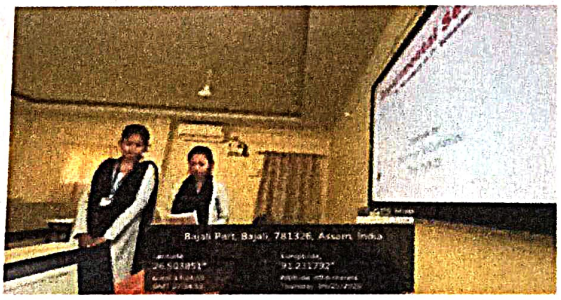

Paper Code : ECO1104C
Paper Title: Introductory Economics

First semester students of the Department of Economics presented an insightful analysis on various topics of introductory economics.

Key Points Discussed:

1. Basic Economic Concepts
   - Scarcity and Choice
   - Opportunity Cost
2. Demand and Supply
   - Law of Demand and Supply
   - Price Elasticity of Demand &Supply
3. Main Problems of Economics and Production Possibility Curve
4. Importance of Economics in daily life

The students encouraged interactive discussions, inviting classmates to share real-life applications of economic concepts.

The presentations provided a solid foundation in introductory economics concepts that are crucial for further studies. The students demonstrated enthusiasm and a willingness to learn, setting a positive tone for their academic journey in economics.
